Re:

In the Matter of Review of Section 251 Unbundling Obligations of Incumbent Local Exchange Carriers and Implementation of the Local Competition Provisions in the Local Telecommunications Act of 1996, CC Docket Nos. 01-338; 96-98; 98-147

In the Matter of Appropriate Framework for Broadband Access to the Internet Over Wireline Facilities, CC Docket Nos. 02-33; 95-20; 98-10

Dear Ms. Dortch:

Yesterday, Len Cali, Joel Lubin, Joan Marsh and I met with Commissioner Kevin Martin, Dan Gonzalez, Commissioner Martin's Legal Adviser, and Emily Willeford, Special Assistant for Commissioner Martin to discuss issues related to the aforementioned proceedings. During the course of that discussion, we explained to the Commissioner and his staff AT&T's position on the necessity of requiring the unbundling of switching until the significant economic impairments that AT&T has identified in the record of the Triennial Review are addressed and eliminated. The process of identifying those impairments can only be conducted on a market-by-market basis and cannot be determined in a national proceeding.

In addition, we emphasized the importance of maintaining unbundling obligations on incumbent providers based upon the services the CLECs seek to offer over those facilities rather than the services the ILEC chooses to offer over a facility. The latter, we explained, would distort competition by incenting the incumbents to create separate, inferior networks for competitive access in direct contravention of the non-discrimination principles espoused in the Telecommunications Act.

The positions expressed in the meeting were consistent with those contained in the Comments, Reply Comments and ex parte filings previously made in the aforementioned dockets. One electronic copy of this Notice is being submitted for each of the referenced proceedings in accordance with the Commission's rules.

Sincerely,

A handwritten signature in black ink that reads "Robert W. Quinn, Jr." The signature is written in a cursive style with a large, looping initial 'R' and a distinct 'Jr.' at the end.
